HE	EAT EQUITY	PILOT SUMMER WORK	PLAN		
Goals + Key Tasks	Task Lead	Team Members	Month	Progress	Outcomes
1. EQUITY ANALYSIS					
Increase understanding of municipal systems, practices, and policies that contribute to urban heat inequity in Hunting Park and other communities of color and low-income communities in Philadelphia					
Task A: Conduct analysis of Hunting Park Neighborhood					Report/Presentation
Task B: Research history of Hunting Park					Report/Presentation to inform policy scan
Task C: Review and evaluate municipal policies and practices in Hunting Park					Policy evaluation tool, report with policy recommendations, GSI Analysis, Urban Forestry Equity Analysis
2. EDUCATION + COMMUNICATIONS					
Increase access to info about potential health impacts of extreme heat, what to do in case of heat emergency, and existing resources to help residents cope with heat in Hunting Park and citywide					
Task A: Announce the Pilot					Press release, social media blast, blog post
Task B: Compile heat outreach materials and giveaways					All materials translated, ordered and gathered in one place
Task C: Create a Comprehensive "Beat the Heat" website with page for Hunting Park pilot					phila.gov/heat
Task D: Coordinating a communications and social media strategy for Hunting Park pilot					Heat toolkit for social media; inventory of community outreach partners, social media influencers, and accounts in Hunting Park
Task E: Identify resources, programs, and trainings available to help residents cope with heat					Inventory of resources/trainings/programs available in Philadelphia and Hunting Park
Task G: Create heat buddy system or phone tree					Phone tree and/or buddy system setup and used this summer
3. COMMNITY ENGAGEMENT					
Collaborate with Hunting Park residents to undertand how they currently cope w. heat and develop context-sensitive heat adaptation and mitigation strategies. Build capacity of City of Philadelphia staff members and residents to share decision-making power.					
Task A: Review peer city heat interventions					Inventory/report of peer city heat interventions and strategies for engagement
Task B: Identify key stakeholders					Stakeholder map and analysis
Task C: Develop project one-pager and slide deck					One-pager/slide deck
Task D: Create schedule for resident & stakeholder engagement					Schedule with all engagement events this summer, activities to facilitate, and roles
Task G: Design and administer community heat survey & focus groups					Survey tool, focus group questions, survey distribution strategy, focus groups identified and held; preferred heat interventions identifie
Task E: Identify, develop, and implement engagement activitiesintegrate resources, programs, and trainings into summer engagement in Hunting Park					Trainings/acitivites/community meetings identified and facilitated; preferred heat interventions identified
Task F: Develop network of cooling centers in Hunting Park					Potential cooling centers identified; cooling center training held; resources for cooling centers identified, gathered, and distributed; communication strategy for cooling center network created (social media, outreach team phone tree/buddy system?)

EQUITY ANALYSIS TASK LIST			
Tasks & Activities	Lead	Team Members	Complete?
Task A: Conduct analysis of Hunting Park Neighborhood			
What are the geographical boundaries			
What is the age, type and characteristics of housing stock			
Health information in Hunting Park			
What city assets or programs/projects exist?			
Inventory City departments with relationships or programs in area			
What schools are in the neighborhood?			
What organizations exists, such as churches, RCOs, CDCs, BIDs?			
What is the litter index for the areas?			
What issues are reported to 311 from the community?			
Map of community assets & projects			
Map of community resources for seniors			
Map of community heat resources—cooling centers, potential cooling centers, pool, senior centers, etc			
Task B: Coordinate Research on History of Hunting Park			
What is the history of land use and development (including presence of industry, railroad tracks/infrastructure) in Hunting Park?			
What is the history of population movements in Hunting Park?			
What is the history of City policies (e.g. redlining, etc) that may have shaped the development of Hunting park?			
Have there been any major events that have taken place in the neighborhood that have shaped the culture or identity?			
Speak to residents about the polices + practices that have shaped their environment. Understand how their neighborhoods have changed			
Task C: Review and evaluate municipal policies and practices in Hunting Park			
Ask residents and community partners about policy barriers/problems they have experienced			
Develop a policy evaluation tool/checklist			
GSI Analysis in Urban Heat Island Priority areas			
Complete TreePhilly Urban Forestry Equity Analysis			
Develop policy recommendations to reduce barriers			

EDUCATION + COMMUNICATIONS TASK LIST			
Tasks & Activities	Lead	Team Members	Complete?
Task A: Announce the Pilot			
Develop press release			
Develop social media messaging			
Task B: Compile and order heat outreach materials and giveaways			
Collect existing materials from OEM, PDPH, PWD, TreePhilly, PECO, ECA			
Look into watershed ice partnership			
Create targeted materials for age/ethnicity			
Translate heat brochure and distribute			
Translate summer health bulletin			
Design and order fans, thermometers, water bottles			
Build partnership for larger give awaysbox fans, ac units, gift cards			
Task C: Create a Comprehensive "Beat the Heat" website with page for Hunting Park pilot			
Compile content from OEM, PDPH, and OOS			
Work with OIT to design website			
Task D: Coordinate communications and social media strategy for Hunting Park pilot			
Identify community outreach partners, social media influencers, and accounts	in Hunting Park		
Develop social media toolkit for heat to also share with partners			
All partners share and coordinate a social media strategy			
Task E: Identify resources, programs, and trainings available to help residents cope with heat			
Health care resources			
Senior resources			
Home energy and repair assistance			
Utility bill assistance			
Trainings			
Green infrastructure			

COMMUNITY ENGAGEMENT TASK LIST			
Tasks & Activities	Lead	Team Members	Complete?
Task A: Review peer city heat interventions			
Create list w/ descriptions of heat mitigation + adaptation strategies			
Tools D. Identific have at about address			
Task B: Identify key stakeholders			
Create list of stakeholders for project and map them by level/type of engagement			
Develop plan to engage hospitals and health service providers			
Develop plan to engage utility companies			
Task C: Develop project one-pager and slide deck			
One-pager			
Slide deck			
Task D: Create schedule for resident & stakeholder engagementintegrate resources, programs, and trainings into summer engagement in Hunting Park			
Community meetings to attend/present at			
Heat Pilot Community Meetings in July and September with Lenfest + Esperanza			
Facilitate focus groups: potential cooling centers, community organizations, Hunting Park United, Hunting Park Collaborative, older adults, young people, service providers			
Events for Tabling—community events, pool days, farmers market			
Days for block-by-block water bar/water ice outreach			
Hunting Park resident leaders receive training on extreme heat and then host trainings for others			
Community yard tree giveaway			
Raincheck workshop			
Ready Philadelphia			
Block clean-ups			
Task E: Design and administer community heat survey & focus groups			
Design survey and focus group questions in partnership with other City Departments and community organizations			
Send draft survey to UPenn partners for design help			
Translate survey into Spanish			
Develop distribution strategy w. Hunting Park NAC, Lenfest Center, Esperanza: Community events Trainings and workshops Community meetings Door-to-Door			
Task F: Identify, develop, and implement engagement activities			
Age specific engagement activities			
Beat the Heat logo design			
Hand fan and other art projects			
CUSP heat kit			
PWD water bar/water ice			
Work with young people to conduct oral interviews with their elders			
Community heat ambassadors program			
Task G: Develop network of cooling centers in Hunting Park			
Identify potential cooling centers in neighborhood			
Identify successful methods to get people to cooling center			
Create a one-pager with guidelines for becoming cooling center			
Host an informational session/training for interested centers			
Compile materials, giveaways, and resources for cooling centers to have on deck Develop programming that can be quickly organized/administered			
Develop programming that can be quickly organized/administered			

HEAT SURVEY OUTREACH SCHEDULE				
JULY-SEPTEMBER				
Events	Location	Date	Temperature	How many surveys collected?
Beat-the-Heat Kick-Off Event (Lenfest + North10)	Lenfest Center (3890 N 10th St, Philadelphia, PA 19140)	Wednesday, July 25		
Beat-the-Heat Kick-Off Event (Esperanza)	Esperanza (4261 N 5th St, Philadelphia, Pennsylvania 19140)	Wednesday, July 25		
Super Friday for Seniors Services	Hunting Park and Old York Rd.	Friday, July 27		
1st Annual PTG Community Day	12th and Cambria Recreation Center	Saturday, July 28		
Allegheny Avenue Arts Fest	1600 Block West Allegheny Avenue 19132	Saturday, August, 4		
HP Clean-Up (North 5th St, etc)	N 5th St, St. Luke St,	Wednesday, August, 8		
Hunting Park Family Fun & Fitness Day	Hunting Park Recreation Center (900 w. Hunting Park Ave)	Saturday, August, 11		
Esperanza Health Center Senior Group	4417 N 6th St, Philadelphia, PA 19140	Tuesday, August 7		
Esperanza Fresh Produce Market	4417 N 6th St, Philadelphia, PA 19140	Tuesday, August 14		
5th St. Supermarket	4501 N 5th St	Saturday, August 18		
Door-to-DoorN 10th, Percy, and Delhi Streets	3900 N 10th, Percy, and Delhi	Friday, August 24		
Bethune School Back-to-School Fair	3301 Old York Rd	Saturday, August 25		
Cousins Supermarket Tree Planting	4037 N 5th St, Philadelphia, PA 19140	Thursday, September 6		
Hunting Park United Meeting	Hunting Park Recreation Center (900 w. Hunting Park Ave)	Saturday, September 8		
25th District Police Advisory	3901 Whitaker Ave, Philadelphia, PA 19124	Tuesday, September 11		
McClure Back-to-School Night	600 W Hunting Park Ave, Philadelphia, PA 19140	Thursday, September 13		
HPCC General Community Meeting	4261 N 5th Street, 19140	Wednesday, September 19		
Lenfest Center Open House	3890 N 10th St, Philadelphia, PA 19140	Wednesday, September 19		
Cayuga Back-to-School Night	4344 N 5th St, Philadelphia, PA 19140	Wednesday, September 26		

Hunting Park Cooling Opportunities and Resources--Please use this spreadsheet to add ideas about resources and partners that could help implement the following cooling opportunities in Hunting Park

Opportunities 1. GREENING & TREES 2. COLING THE BUILT ENVIRONMENT Better access to A/C units and fans for residents 2. COOLING THE BUILT ENVIRONMENT Better access to A/C units and fans for residents Assistance with home energy repairs and weatherization Assistance with home energy repairs and weatherization Advocating at state level for utility assistance (LIHEAP) during summer months Advocating at state level for utility assistance (LIHEAP) during summer months Block-level cool roof coatings Cool roof and cool pavement demonstration projects and large industrial/commercial sites (e.g. SEPTA track shop) 3.
