| 12/14/2015 12:10 Good | Somewhat effective | Yes | A lot | Yes | | It was a great presentation! It might be helpful to make clear when going through the outline of rain barrel or other projects that you can also do both! |
| 11/27/2015 14:23 Excellent | Very effective | Somewhat | A lot | Yes | | Maybe have a suggestion to bring along property photos so we could get more of our specific questions answered at the workshop. |

| 11/3/2015 15:51 Excellent | Very effective | Yes | A little | Yes | | Great job; the format is hard in having to wait until the end to ask question but I understand the reason it's done that way. Lots of content in a short period of time. Very informative and something I would definitely recommend to my neighbors. |
| 11/3/2015 14:07 Excellent | Very effective | Yes | A lot | Yes | | |
| 11/3/2015 14:04 Excellent | Very effective | Yes | A lot | Yes | | Zac was very helpful and took his time to explain everything to anybody with questions. |
| 10/28/2015 12:18 Excellent | Very effective | Yes | A lot | Yes | | |
| 10/27/2015 17:00 Excellent | Very effective | Yes | A lot | Yes | | The presentation was excellent--both the content of it, which was really informative (well beyond what I was expecting), as well as the delivery of it, which was interesting and engaging. I have already recommended it to people! |
| 10/27/2015 11:18 Excellent | Very effective | Yes | A lot | Yes | | I have already signed up for the whole house assessment. This seems like a great program! |
| 10/26/2015 23:15 Excellent | Very effective | Yes | A lot | Yes | | I have not experienced the next phase of the program so it is hard for me to answer this question. However, I would extend the workshop by at least 10-15 minutes to allow for a more moderate pace. |
| 10/26/2015 17:27 Excellent | Somewhat effective | Yes | A lot | Yes | | I appreciated the information on general city water management and would have liked more of that! |
| 10/26/2015 17:09 Excellent | Somewhat effective | Yes | A little | Yes | | |
| 10/26/2015 16:54 Excellent | Very effective | Yes | A lot | Yes | | I am grateful to the Phila Water Depart and the PA Horticultural Society such innovative, environmental programs that promise to benefit our city and region for decades to come. The Rain Barrel Workshop was very informative. |
| 10/26/2015 11:54 Good | Very effective | Yes | A lot | Yes | | |
| 10/26/2015 11:24 Excellent | Very effective | Yes | A lot | Yes | | It was great, and for people who were less informed about stormwater going in, I think that that 1 hour packed a lot in (in a good way). |
| 10/23/2015 9:33 Excellent | Very effective | Yes | A lot | Yes | | |
| 10/22/2015 14:33 Excellent | Very effective | Yes | A lot | Yes | | Made copies of the program brochure for all my coworkers who own in Phila. Great job, great program. |

| 10/1/2015 12:35 Excellent | Very effective | Yes | A lot | Yes | | |
| 9/30/2015 14:47 Neutral | Somewhat effective | Yes | A little | Yes | | Zach knew his stuff. I, however, had read all the PHS info online so there wasn't much new in the workshop. The Q & A time was helpful and part on permeable paving. Zach spoke very fast as to get through the info in time but as a result his delivery wasn't personable and was rote - just repeating the slides. That made it kind of boring. I would like to know more about decorating rain barrels. I.e.: what kind of paint sticks best to the plastic, and what are the best materials to use to attach mosaics etc. to the rain barrel. Perhaps a decorate your rain barrel work shop could be arranged. |
| | | | | | | Zac was a great presenter, well organized, knowledgeable and a dynamic and a clear speaker. |
| | | | | | | I am also interested in working with a local organization to get information on ways of preventing / reducing salt on roads from ice and snow storms from harming our beautiful Delaware River. Any links you would recommend? Thank you for the workshop. Charna Eisner |

| 9/26/2015 11:17 Excellent | Very effective | Yes | A lot | Yes | | Zach was an excellent presenter. I felt I learned a huge amount about rain water management and also the Rain Check program during the hour presentation. |

| 9/24/2015 11:19 Good | Very effective | N/A | A little | Yes | | The before and after photos of treatments are effective and could be expanded. If tailored to each neighborhood during presentation, it could give the audience a better understanding of possibilities close at hand. |
| 9/24/2015 7:49 Excellent | Very effective | Yes | A lot | Yes | | |
| 9/23/2015 16:14 Excellent | Very effective | Yes | A lot | Yes | | |
| 9/23/2015 15:49 Excellent | Very effective | Yes | A lot | Yes | | Dedicating a significant time to overview the PHS etc, pushes the program over an hour. Perhaps one change would be to discuss the PHS initiative/membership etc pre or post Rain Check content. |
| 9/23/2015 13:36 Good | Very effective | N/A | A little | Yes | | |
| 9/22/2015 9:19 Excellent | Very effective | Somewhat | A lot | Yes | | |
| 9/22/2015 13:15 Excellent | Very effective | Yes | A lot | Yes | | If the Raincheck's website's information is/was the same as the workshop's information re how the \$2000 grant's application is calculated (i.e. \$2000 max - (\$3000) total amt of project = \$1000 v \$15/sq ft pavers - (\$3000) total amt of project = \$1500) |
| 9/21/2015 17:57 Excellent | Very effective | Yes | A lot | Yes | | |
| 9/21/2015 13:18 Good | Very effective | Yes | A lot | Yes | | I was unable to utilize any of the options offered due to the restrictions of the program offerings (no rain barrels or planters on roofs). |
| 9/21/2015 12:11 Excellent | Very effective | Yes | A lot | Yes | | Some information I received at the workshop (i.e., how to maintain the rain barrel) could be reproduced in some kind of written documentation for safe keeping. |
| 9/21/2015 11:55 Excellent | Very effective | Yes | A lot | Yes | | (Perhaps I will receive such doc when the barrel is installed?) |
| 9/21/2015 11:24 Excellent | Very effective | Somewhat | A little | Yes | | 1234567 |
| 9/18/2015 21:28 Excellent | Very effective | Yes | A lot | Yes | | I think this is a great program, and the presentation was accessible and informative. My only suggestion is that you might give a better idea of what the home consultation offers. Thank you! |
| 9/14/2015 16:10 Excellent | Very effective | Yes | A lot | Yes | | |
| 9/14/2015 9:17 Excellent | Very effective | Yes | A lot | Yes | | Have you considered putting a symbol in the Rain Check sign that can be read by a Smart Phone? Also could consider subsidizing a second planter? |
| 9/1/2015 13:55 Excellent | Very effective | Yes | Not very much | Yes | | Excellent presentation on stormwater issues. |
| | | | | | | I previously attended the PHS Pop-Up Garden event on "Rain Barrels and Rain Gardens" with much of the same material covered. It would have been nice to sign up for a rain barrel installation at the Pop-Up event. |

| 8/29/2015 11:18 Excellent | Very effective | Yes | A lot | Yes | | |
| 8/28/2015 11:16 Good | Very effective | Yes | A lot | Yes | | I already knew the science and policy issues, but the extent of the matching funds for landscaping was new to me. |
| 8/25/2015 17:14 Good | Very effective | N/A | A lot | Yes | | I believe the presentation was well put together. At this time I have no suggestions for improvement. |
| 8/25/2015 13:36 Excellent | Very effective | Yes | A lot | Yes | | Thank you |
| | | | | | | Learned a lot, got excited about it, want to follow through, and it seems easy to follow through on! Great job! Thanks. |
| 8/25/2015 11:54 Good | Neutral | No | A lot | Yes | | |
| 8/25/2015 7:29 Excellent | Very effective | Yes | A lot | Yes | | The presenter was not respectful in acknowledging the question that I had. She answered all the questions around me prior to answering my questions. Not a good thing |
| 8/24/2015 17:15 Excellent | Very effective | Yes | A lot | Yes | | |
| 8/24/2015 16:26 Excellent | Very effective | Yes | A lot | Yes | | |
| 8/24/2015 16:07 Excellent | Very effective | Yes | A lot | Maybe | | After two and a half months of waiting for a rain garden which I paid for, I have not been contacted. I thought that I would be enjoying beautiful flowers all summer, but now it is almost autumn! I think that I have been forgotten. |
| | | | | | | There seemed to be an overlap between two of the assessment forms Property assessment v Whole house assessment? |
| | | | | | | The staff would be much more effective in answering specific questions if they had several ride-alongs with the contractors and people doing the install work. Additional exposure of PHS staff to rain tool evaluation/consulting criteria would be useful. They don't have more than a superficial understanding of which scenarios would make the most sense for which rain tools. |
| 8/24/2015 15:58 Good | Somewhat effective | Yes | A little | Yes | | The waiver is extreme by stating that even if you are assigned a contractor who damages you or your property, you waive the right to seek damages. |

| 7/20/2015 17:08 Excellent | Very effective | Yes | A lot | Yes | | I loved the workshop and have been telling everyone I know about it and the Rain Check program. The program--and presentation of it--was/is so well thought out and designed. I was really, really impressed. |
| 7/20/2015 16:35 Good | Very effective | Yes | A lot | Yes | | |
| 7/20/2015 16:28 Excellent | Very effective | Yes | A lot | Yes | | I didn't know I should have brought a checklist. I didn't know there was going to be an option to invest in other storm water management tools at the workshop. |
| 7/17/2015 11:08 Excellent | Very effective | Yes | A lot | Yes | | Disappointed that consultation will not occur for at least one month. |
| 7/17/2015 11:05 Excellent | Very effective | Yes | A lot | Yes | | In fact, I already did recommend it to two people as soon as I left the workshop! :) |
| 7/17/2015 7:58 Excellent | Very effective | N/A | Not very much | Yes | | Please note that I am a civil engineer that works with stormwater issues in the city on a daily basis so I was already educated about these issues and tools. The information was presented in a simple manner for anyone to understand. |
| 7/16/2015 21:50 Excellent | Very effective | Yes | A lot | Yes | | Very informative. Looking forward to my rain barrel. Spreading the word. |
| 7/16/2015 17:06 Excellent | Very effective | N/A | A little | Yes | | Zachary was very enthusiastic and knowledgeable about the topic! I am inspired to create as much permeable surface as I can on my property! |

| 7/16/2015 16:22 Excellent | Very effective | Yes | A lot | Yes | | really, I can think of no suggestions for improvement -- clear message with clear info as to how to get what you want from the rain check program |

| 7/16/2015 16:11 Excellent | Very effective | Yes | A lot | Yes | | It's very well done. |
| 7/16/2015 12:46 Good | Very effective | Yes | A lot | No | | I wish I'd known before the program that rain barrel washer cannot be used on a vegetable garden. That's all I grow, do I was pretty disappointed. |
| 7/16/2015 12:17 Excellent | Very effective | Yes | A little | Yes | | I would like to learn more about the permeable street projects. There was one done on Hutchison between Catharine & Christian Street. I know our street would benefit from it so much, as the dirt underneath it has eroded and the road is sinking. |
| 7/8/2015 11:08 Good | Very effective | Yes | A lot | Yes | | |
| 7/4/2015 12:24 Excellent | Very effective | Yes | A lot | Yes | | |
| 7/1/2015 17:19 Excellent | Very effective | Somewhat | A lot | Yes | | Zach is just the right sort of person to spread the "gospel" of Rain Check! He is so totally conversant with the program aspects, details and overall logic that it communicates very effectively, even to first-timers. "It just makes sense." |
| 7/1/2015 16:57 Excellent | Very effective | No | A lot | Yes | | Allow some time for audience participation |

| 6/23/2015 10:48 Excellent | Very effective | Yes | A lot | Yes | | Use local PBS and NPR to advertise the PWD rain saver programs. Mike McGrath's "You Bet Your Garden" WHY?, broadcast on Saturday is a good outreach for PWD. It fits well with the rain water recharge conservation message. |
| 6/23/2015 10:07 Excellent | Very effective | Yes | A lot | Yes | | I am always amazed at the services provided by the city and state regarding a number of things, and now I can add this to the list. Thank you and thank you to Zach and everyone working at the training! |

| 6/22/2015 16:49 Good | Somewhat effective | Yes | A lot | No | | If I chose one of these methods why am I not getting a discount on my water bill. It was the cities choice to use a non porous material to pave the streets and sidewalks. If you want my help, it has to be give and take. |
| 6/22/2015 16:28 Excellent | Very effective | Yes | A lot | Yes | | |
| 6/22/2015 16:18 Excellent | Very effective | Somewhat | A lot | Yes | | Great program! Would be helpful for Rain Check to work with the Basement Protection Program people to make sure the whole City Water Department is on the same page about what is okay and not okay to do with overflow from a green tool... :-) |

| 6/22/2015 14:26 Good | Neutral | Yes | A little | Yes | | It was a bit of a pain to sit through when I already knew a lot of the information. I wish there were alternatives for people who know about the Green City Clean Water program and (from PHS etc) still want to get the tools, without having to attend a repetitive session |

| 6/3/2015 20:42 Excellent | Very effective | Yes | A lot | Yes | | Zach was terrific! Last presentation over a year ago to Dickinson Square West Civic Association was an ineffective video. Last nite was very professionally prepared and delivered. |

| 4/22/2015 13:35 Excellent | Very effective | Yes | A lot | Yes | | Perhaps mention: other programs offered at the workshop, other than the free Barrel, can have a 25.00 fee...only accept cash or check pymt. |
| | | | | | | Stapling the materials offered may help..all in one pile..not having to have loose papers in hand. |
| | | | | | | Putting not only the date...but...also the day...on the forms for selecting days for home installation. |

| 4/20/2015 9:31 Excellent | Very effective | Yes | A lot | Yes | | I thought it was very well done. A lot of information covered in a short amount of time, but it felt well paced and didn't waste my time. I learned a lot and think many people in my neighborhood will be interested. I hope the big blue barrel will help start the conversation! Thank you! |
| 4/18/2015 14:36 Excellent | Very effective | Yes | A lot | Yes | | Thanks for doing this work! |
| 4/17/2015 17:33 Excellent | Very effective | Yes | A lot | Yes | | After the workshop there were several of us ready to sign up for programs before we left, but who needed to pay with credit cards. We were able to pay online using our phone before; however, having an Ipad card reader or computer available for people to make online payments might be useful. Obviously, making it easier for people to pay seems advantageous. Overall, I was so excited and impressed by the program. I have had several correspondence as I had applied before the program was expanded to my zip code and I have been so impressed with the responsive of this team. |
| 4/17/2015 10:09 Excellent | Very effective | Yes | A lot | Yes | | It was quite a fast paced presentation. Would be beneficial to cover some scenarios that would not be eligible for the Rain Check program |
| 4/17/2015 9:59 Excellent | Very effective | Somewhat | A lot | Yes | | Suggestion; rain barrel kit. If available at Lowes or Home Depot, let participants know, including cost. |
| 4/17/2015 9:47 Excellent | Very effective | Yes | A lot | Yes | | more workshops in neighborhood locations- like maybe a coffee shop/tavern might offer space during a "happy hour" or an hour before a ball game is televised |
| 4/16/2015 21:23 Good | Very effective | Somewhat | A lot | Yes | | I wanted to get the downspout planter and the pavers but was told is it not doable due to limit of funds. please make that clear on the workshop. |
| 4/16/2015 20:41 Excellent | Very effective | Yes | A lot | Yes | | Very informative and interesting in how the program can be scaled to suit the site. |
| 4/16/2015 17:15 Good | Very effective | Yes | A lot | Yes | | This is a great program and I have encouraged my family members to reach out for a rain barrel |
| 4/16/2015 15:20 Good | Very effective | Yes | A little | Yes | | The PWD could increase the participation rate for rain barrel usage by offering a discount on utility bills following rain barrel installation. The presentation could be much shorter for people that only want the rain barrel and are not interested in the other Rain Check tools. |
| 4/16/2015 15:19 Excellent | Very effective | Yes | A lot | Yes | | |
| 4/16/2015 15:10 Excellent | Very effective | Yes | A lot | Yes | | Community outreach. Keep it in financial terms so folks don't see it as another wasteful government program. \$2 billion vs. \$8 billion got my attention. |
