## New tax filing and payment website coming soon!

In November 2021, the City is launching a new website to file and pay Philadelphia taxes electronically. The new site is called the **Philadelphia Tax Center**.

You will be able to file and pay taxes online, but also take advantage of these features:

- Open and close accounts.
- Request refunds.
- Apply for payment agreements and tax credit programs.
- Communicate securely with our service representatives.

We've published an online guide to help you navigate the new website. You can browse the guide now, and check back for updates both before and after the November launch.
