

Luzerne Street, American to M, Safety Project

Above: Luzerne Street and I Street, 2022

May 2024

Why Luzerne Street

From 2019 to 2023, Luzerne Street (between American Street and M Street) had **83 crashes**. There were **206 people involved**. **11 people died or were serious injured**, including **two** people walking.

The City has Federal funding to design traffic safety improvements on Luzerne Street. Luzerne was identified as a priority for multiple reasons:

- It is on Philadelphia's High Injury Network, the 12% of streets that see 80% of all traffic deaths and serious injuries.
- It connects residents to parks, schools, civic institutions, jobs, and shopping centers
- It needs basic quality of life improvements like fresh pavement, new crosswalks, and upgraded curb ramps.
